

# Hydrogeologic framework, Treasure Valley, Idaho: update

Jim Bartolino  
U.S. Geological Survey  
Idaho Water Science Center  
September 5, 2019

# Framework report status

- ❖ The hydrogeologic framework report is through supervisory and colleague review; now in queue for editorial review.
- ❖ Furlough, retirements, hiring freezes have caused a backlog for the USGS editors.
- ❖ Timing?

# Data release status

- ❖ Rockworks 17 hydrogeologic framework
  - Write metadata for ScienceBase
  - Export model as .txt file (1.3 million lines)
  - Export log data as .csv
  - Provide animation (slices and rotation) of model as .mp4

# Other model support

- ❖ Matching drillers' logs to water right points of diversions for screen depth/pumping interval with Jennifer Sukow
  - Municipal wells (5,000) done
  - Industrial wells (200) done
  - Irrigation wells (6,300)
  - Domestic wells (11,000): matching two per section (1,032 sections), roughly half done

# Model animation
